Please accept our condolences on the loss of your mother. She was an extraordinary woman; smart, wise, caring, giving and beautiful. The minute I said hello to her I knew we would be great friends and we were. Cookie treated us like family. She included us in family gatherings many times and we shared joys and concerns together. Often I depended on her for advice which was always right. I loved sitting on the pAtio with her and kibitzing. We talked about our children and grandchildren and solved all the world's problems. We laughed a lot and when I needed some support she was always there. Cookie loved my brownies, strudel and kugel and I was always happy to bring them to her. The thing Cookie did best was make you feel special and she did that for me every time I was with her. Marvin and I will miss Cookie so much as we know you will. She adored each and every one of you. We send our love and prayers to all of you. Harriet and Marvin
