Reva was my mentor, boss and role model. She broke the glass ceiling before any of us knew there was one. A favorite memory reflective of her personality was when I asked her about her vacation plans, she said "not sure but I know my vacation will not include hose or make-up.RIP

Reva has been part of our family since we met in 1976. I was one of those women she mentored. She changed my life and taught me to respect myself. She has been a dear and very special friend to Ted and me. She will live forever in my memory and my heart. Rest In Peace, dear Revie. You will be sorely missed.
