Everytime I hear certain songs I cry. I miss you. I want to ask Mom at times if she's talked to you or how you're doing or text you randomly like I used to do, now I can't. It just crushes my heart. I wish you were still here. I know you're here in spirit but I wish I could just give you a hug even though they were weird hugs to me at times lol, I would love to just give you a hug again. I know even more to cherish people more than I ever have. Dad, I cherished you and still do. Don't ever think I didn't. You'll always mean a lot to me. I love you. I miss you.

Dad, I know it seemed at times I may have not cared, but I always did and still do. You are my Dad. I miss you. I love you.

Hi Dad, I love you and miss you. You are in my heart and on my mind, you always have been and always will be. Justice and I won't ever forget you. See you again someday but until then I'll talk to you.
