I'm so sorry to hear of his passing. I've been working with Dr. Greener for almost seven years. He has always been a great doctor and listener to the patients and me as their advocate. He shared his own personal stories at times and it was obvious he cared so much for his family. He was one of the best in his profession and I learned a great deal from him. I wish much peace to him and all his family and friends. Sending much love to all.
