I still think of Joe often. I worked in CCU at Pembroke when he first started. We had many good talks and fun times. He introduced me to a woman I still call my friend. He and Sharon were friends with Barbara and Dennis and Barbara needed an au pair. Joe introduced me to her and my au pair's sister came over to work with the Collins family. He was a good doctor, a kind man, and loved his children immensely. Rest in peace dear one.

**Tobi Horgan** posted:

My husband was the most caring, kind, empathetic person I have ever known. He was also the most intelligent man I've ever met. It has been over two years and I still feel his presence, still reach for his hand in bed at night and miss everything about him. I loved that man with everything I had to give. After close to 30 years we were still very much each other's B'Shert. I miss everything about him. I will never love another man the way I loved him. He was my world and still is.

I wake up each morning in disbelief that you're gone. several times a day I've gone to pick up my phone to call you and then realizing that I can't. A huge part of me died with you. I think about you every second of every day and dream about you at night. I love you daddy.

I'm sitting in Weston Diner this morning with my husband. We were patients & friends of Dr. Horgan. We would run into your family having breakfast here at the big back table. I remembered finding out about your Dad on Christmas Day and realized we were at the one year anniversary on the 20th, yesterday. Your Dad was a great man. We loved him. He will never be forgotten.

Your dad was such a great person. I found out today and I am in disbelief. He shared so much with me. He was an excellent physician with such a good heart. I will miss him dearly.

It was an honor to have Dr. Horgan as my physician "and friend" for the last 14 years. He always had the time to listen and showed genuine caring about my overall well-being. He was special and will be deeply missed. I share in the sadness and sorrow of his loved ones and pray that you will find peace and comfort in the days ahead.

**Kevin Duda** shared a photo to the **Tribute Wall** album.

My first memory came from our first meeting. I was dating Jeanine his staff member and she invited me to a wedding of another staff member. Doctor H. came up to me at the reception and we talked. He warned me that I better not hurt Jeanine because she had enough of that in her life. He acted like she was his own child. I was so impressed by his concern and love. But I learned over the many years to come that was Doctor H. he protected the people he loved. He will be missed so much. But he left his footprint of love and caring on this earth in all the people he touched over the years. You live on in our hearts.

My name is Elliot Buzin. Dr Horgan took care of my mom Sandra Buzin for several years. Dr Horgan was wonderful to my mom showing compassion and concern for her. He was a wonderful doctor and a wonderful person and I was happy knowing that my mother was in caring, compassionate, and skilled hands. I asked Dr Horgan many questions during my mom's visits which I accompanied her to. He answered every question and was patient and very thorough with my mom's care. I knew my mother was in good hands and his loss hit us like a ton of bricks and we will miss him very much as a doctor and as a terrific human being.-
