Dr. David Lehrman

JUN 12, 1936 - JUL 3, 2020

Dr. David Lehrman was taken from us in his home surrounded by his loving family in Miami Beach. He was defined by - and his life was devoted to - rescuing those in debilitating pain. An acclaimed surgeon with mountains of accolades, certificates, degrees and accreditations, his most treasured possessions were the thanks of his grateful patients.

He was elegant, empathetic, suave, warm, caring, loving, giving, intuitive, insightful, and funny. Most of all charming! Dad faced nearly everything in life with a smile, and was always there for others enduring that which could not be borne with a smile.

He was a role model, led by example and got me through more than I can ever recount - but will never forget. Much of what I am praised for (such as it is) is attributable to Dad. He survived losing the love of his life, and was still grateful for the ride.

I'm grateful for the ride, too, and thankful it lasted this long, although I admit to wishing it could have lasted longer. Mom knows we love her but give her an extra dose, and start tearing up heaven.

Love you always

Dad is survived by his sons Richard Lehrman (Sheila Duffy-Lehrman), Steve Lehrman (Aleida Martinez-Molina), Michael Lehrman, Robert Allan Lehrman, grandchildren; Jonathan Lehrman, Bryan Lehrman, Joshua Duffy Lehrman, Adam Harrison Lehrman, Daniel Bradley Lehrman and Lexi Lehrman. and cousin Udi Lehrman (Michal) and predeceased by his loving wife, Linda z"l, parents Rabbi Irving Lehrman z"l and Bella Lehrman z"l, sister Rosalind Lehrman z"l and grandson Matthew Adam Lehrman z"l

Ailette M. Rodriguez lit a candle in honor of David.

Dr. David Lehrman was an amazing, caring and skilled doctor, surgeon and human being. He saved me from the excruciating pain/suffering of a botched hip surgery and it is because of his care and compassion I was able to recover. I will never forget his smile and his excellent bedside manner. He was truly one of a kind and I have never forgotten him. Zichrono livrachah

David and I worked together moonlighting in Brooklyn, NY during our residencies. In addition to our hospital positions as residents, we'd work all night making house calls all over Brooklyn, 5-6 nights a month and one 24 hour weekend day. It sapped our strength but helped defray our living costs from 1964-68. May his memory be for a blessing Elias Herschmann, MD, FACP
