Dearest Toro Family, My deepest heartfelt condolences to each of you. Thinking of you and I will always be here for anything you might need. I am glad I got to meet you and spend some special time with you, thank you. I look forward to it again. I miss Teri alot. Gone too soon, but will never be forgotten, she will live forever in my heart. Inspired, impressed how she lived life, what she did with it, her way as best as possible she put up a good fight- she was TeriStrong for sure. She has refreshed my soul with more inspiration, will, strength, a live it up attitude. Everytime I see a Butterfly, I will think of her. I promise to be a good Auntie to Phoenix. He's such a good boy, you taught him well. We had a funny/cute friendship. I knew Teri since High School but we were not really friends :) It did not develop until we met up at a get together reunion. From there great times, lots of pictures :) and pizza! The girl can eat. Gonna miss my Hot Date. Her smile I am so thankful for you allowing me to be with you through your journey until just about your last beautiful breath. I will never forget I laid my hand over your hand, held your stomach and I said I Loved you. I am being selfish, I want more time, but you showed me it is all a blessing! Forever TeriStrong

I met this incredible woman on Christmas Eve. She called me and told me she had Tommy's lungs. I had been Tommy's girlfriend and I had sat and held his hand during all of his organ donation. What a wonderful gift it was to meet Teri. She was a spark of light and now she will light up the heavens forever

Teri was one of my mentors. She had a vivacious spirit and enjoyed her gifts of life to the fullest. She rejected her first pair of lungs and received her second set just before I got mine. Sadly she rejected again. In the month that they gave her, this beautiful soul continued to live the remainder of her life to the fullest, visiting and enjoying her time with friends and family. She touched so many lives, teaching us to fight for our lives and keep fighting even when it was so hard that you wanted to give up. She taught me to never give up. She taught me to choose joy. Then she taught me how to die with love, gratitude, and above all, dignity. Though it's taken me a week to verbalize my feelings since her loss, I will never, ever forget her. Teri, until we meet again. Cheers!
