I knew Erwin for a very, very long time a long time ago he was four years and five days older than I, my birthday was last Friday and I became 92 years old. Last time I spoke with him was his birthday in 2023. I missed a year. I had no way of knowing until I just looked him up to wish him felicitations today and discovered he had passed. He always was an early bird. I would like very much to see a photograph of him and his later years as I haven't seen him for quite some time although we have kept in touch through the years. The picture can be sent by text 973-932-9688 and I will return that favor by sending you pictures of the two of us many years ago my condolences to you thank you for response. GJJNemirow
