He was an amazing and consummate physician; patient, practical and supportive. And consistently so. Also, his office was a pleasure to deal with, not always the case.

We all lost a very dear friend and healer. Sandy and I met him first when we arrived at the Terraces, and from then on he was our Doctor, and shortly after, with Julie, as our very dear friends. Little do the Heat and Dolphins know what an avid and dedicated fan he was sitting on the 50 yard line or mid court during all their home games...for decades. But most important, he was a brilliant diagnostician and physician. Few professionals "return your call promptly, if at all", but that was Jerry's MO. And poor JJ, she lost her closest friend, as did we all. RIP with all our love. Sandy & Bob Katz
