I loved the Dr Galitz. Great doctor/plastic surgeon; a beautiful personality; professional; down to Earth; witty; caring; intelligent; and empathetic; I will always have a little of his work on me, my nose, fabulous job. I sent him many of my friends. Dr Galitz was a special human being. However, he left 3 special human beings behind, his 3 beautiful daughters. And a wonderful wife. I will miss him.

What a neat man...truly. I was his patient. I've worked in health care myself for 35 years. In my travels, Dr. Galitz was one of the nicest, most accommodating docs I've had the pleasure of knowing. He lit up the patient room when he came in. I knew I was in the right place for my procedure. As his assistant said to me after he left the room one time, "He's the real deal. He's the kindest man." My condolences to the family of Dr. Galitz.
