He served as the President of the Johns Hopkins South Florida Alumni Association for many years. He was a longtime member of Temple Beth Sholom and various social clubs. Freddy loved his family, boating, cars, tennis but most of all just being at home spending time with Mickey and their grandchildren. He was happiest when he was in his den looking at the view from his window. He was loved and admired by his family, patients and friends. We are forever grateful to Dr. Arnold Blaustein and the team of doctors and staff at Mount Sinai Comprehensive Cancer Center for their support, compassion and love. Words cannot express how much he will be missed. In lieu of flowers donations in support of Cancer Research can be made in the memory of Dr. Rosenbloom to the Mount Sinai Medical Center Foundation.
