“ Michael and Renee, my heart is with you. I'm thankful for the care and interest that Bruce took in my family and my life. He never let life slow him down and was always a reliable face at family gatherings and get togethers. He seemed perpetually joyful, every memory of him is one of laughter and happiness. Rest in peace Bruce, you are missed.

“ My deepest condolences to Renee and Michael on Bruce's passing. I always enjoyed Bruce's company and especially when we played golf together. Bruce and Renee would come by my house and pick me up around 7:30 in the morning and then Bruce would drive down to Miami for a game of golf. Bruce was a real fighter. Even after his stroke he continued to play golf usually twice a week. What a great inspiration. Rest in Peace my friend

“ Bruce was always a family member I looked forward to seeing on holidays and family gatherings. He cared for the ones he loved very much. I'm very thankful that my family are a few of those people. I remember Bruce as many others do, his kindness and passion to live were contagious. I loved hearing stories from his travels and how he talked about his family. He will be truly missed by every person that knew him. I hope to live my life as full as I know Bruce did.

“ Bruce David Friesner, 78, succumbed to heart failure and has passed away. As I write this tonight, I realize how fortunate we were to have Bruce as a chosen member of our family for generations. My parents loved and respected him so much. Our families were truly inseparable. Always together on holidays and special occasions. I have known Bruce and his loving Wife, Renee, since I was a teen, for more than 40 years of my life and he and his family have been an integral part of my sons lives since before they were born and remain so even today. There are not words to express Bruce's influence on all our lives.

Bruce was hardworking, strong willed, loving, and kind. He loved his family and was deeply devoted to his Wife, Renee and his son, Michael. In June of 1979 when Michael was born, I naturally and excitedly became his babysitter. Bruce and Renee always made me feel confident to care for him as family, as we all still do, especially today.

Bruce lived an inspired life full of travel and adventure. He showed strength and love right up until his last days. We will miss him dearly and daily. He will remain forever in our hearts.
