Diane was a great cook and baker. Her friends could not wait to get samples of her goodies. She was an avid Dolphins and Marlins fan and even threw out the first pitch at one of the games. She enjoyed cruising and traveled on many cruises with her husband and a few with her entire family, as recently as Thanksgiving 2018.

“ My HaShem console her family and friends with the mourners of Israel. I only had the pleasure and honour to meet her a few months ago when I joined her water aerobics class. She made me feel welcome, she was an inspiration, always positive, the life of the group, and her Bobka was legendary. She will be sorely missed.
