“ Dear Gideon, You were always so warm and so giving...and 'Johnny on the Spot' when one was in need. I have never forgotten how quickly you rushed to my aide when I hit the lamp post in front of the radio station on Biscayne Boulevard in 1994. You were always looking out to help others. My wonderful memories of the numerous occasions, both yours & mine, which you & your Beloved Melinda chose to share with me will last me my whole lifetime. You will never be forgotten, and are still deeply loved!
