“ There are so many great memories of my grandmother, Nana June she liked to be called as she was too young to be a grandma! Visiting her as a child was always memorable and inspiring with huge toy stores, Beauty and the Beast On Broadway in New York, sunny days boating in Florida, and Elephants, Tigers, and magic at the show by Sigfried and Roy in Las Vegas. I always enjoyed our elegant dinners outside the fountain show at Bellagio with Lenny and my great Aunt Dolly, and visiting Nana June in Florida just to spend time together. I will miss her spirit and love for me all these years, but am grateful she can rest now with her beloved Lenny, her sister, and her daughter...my mother Jeanne who I know Nana June missed so dearly all these years. Let her love and light live on in our memories. Always sending my love dear Nana June, Rest In Peace

“ My mornings with June were an absolute joy for many years. It was our very special time together and the best way to start every day. Our other times together, including many happy hours and extended shopping excursions, were a treasure and will be greatly missed. I will cherish these memories always. . . Bonnie

“ I miss my early morning phone calls with June. Our times together will be a blessing to me. Our happy hour and Bloody Mary's brought in such special conversations. You are at peace with Lenny now. I miss you lots. Xo

“ June - always elegant, charming, down to earth. June was great fun to be with and so appreciative of all she was given. I will miss those calls- she would shower me with compliments. June knew how to make a person feel good about themselves. I will miss her greatly.
