“ A Great man, a Great doctor, and above all, a Great friend. I just found out today, 2/4/20, so saddened by his passing.

If memory serves me well, I met him at Animal Hospital of NMB, back in the 1980's. Took care of my Shih Tzu's, all seven of them, and their litters.

Time separated us for years, but I found him again in Weston years ago.

Found him again at DPC, finally, but today there is a large empty feeling in my heart.

Rest in Peace, knowing all the good and happiness you brought to all you touched in your short time on this earth.

Sorry for you loss.....

“ My deepest condolences go out to you.

I have known Dr. Birzon for over 35 years and remember him for the kindness he has shown me and my numerous pets and strays which he has saved. His loss has truly shocked me and I will always think of him fondly.

Wishing you peace and comfort in this difficult time.

“ My deepest condolences to Dr. Peter Birzon's family — I am so sorry for your loss and so sorry we all lost a tremendous light and man and veterinarian in our lives. Dr. B was our vet since he started his practice in North Miami — so many years. So many beloved dogs. I have more wonderful memories of Peter — both as a vet and

person — than I could possibly say here. And even then, the memories can not possibly account for his extraordinary influence, gifts, and soul. I will remember his amazing smile, courageous zeal, and care in looking after all my many doggies. My doggies loved him so much. Thank you Dr. B. Again, my deep condolences to the family. Peter Birzon was the best — he touched all our lives so positively. He was simply a beautiful, magnanimous man.

“ Dr. Birzon was our trusted vet for 20 years. Like others, I followed him through several moves! After finding him at DPC, upon making my first visit, we joked about me tracking him down... and he quipped "always the wandering Jew!" He's taken care of all of my kitties... I trusted him... and he will truly be missed. I wish peace to his family, and know that I will remember and always value his dedication to his profession and clients. RIP Dr. Birzon. My kitties and I will miss you

“ On this Thanksgiving, I feel so much gratitude for the thirty-one years (more or less) I knew Dr. B — this magnanimous man and vet — almost larger than life, whose dedicated, caring, and gifted veterinary skill managed the health for all my many doggies and rescues. We started with him in North Miami and followed him through his practices. Even traveling, with emergencies in other cities, I'd phone him ... or the emergency vet would, and he'd never fail; he'd get the picture immediately, confer with the vet on call and be sure all was handled properly. If the news wasn't promising, he'd talk to me and break the news — after so many years, he knew how to tell me. My dogs are very much at the heart of my life, so their vet plays a huge role in my life and even well being. The likes of Peter Birzon will not come again — he was rare with such multifaceted gifts it's hard to speak of him as nothing will ever be sufficient. I have know only two others I can speak of in this way—each was magnificent and each day, I remember. Now Peter has joined those ranks. I keep

imagining Peter saying, he has to make an urgent house call, isn't sure when we'll see him, but later. Catch you later, guys. He was tremendous.

To Dr. B's family, his daughters, in particular, he often mentioned you and his eyes would light up. You were the sun, moon, stars, and all between for him. He will always be with you in spirit. I am so very sorry, he was taken so young and while you too are so very young. I liked the Rabbi's words yesterday: he lived a long life though we cannot translate this to years. He lived fully and earnestly in the moment. Please take care of each other. Your dad was a great man. Cherish all he taught you and cherish each other. My deepest condolences.

“ You treated many of our babies throughout the years. I guess you were needed to help some of them up above. You will be missed.

“ Dr. Birzon has been a personal friend to us for over 25 years and has always taken great care of our two boys, Kissel and Tillman. Wherever he moved, we would track him down and go to his new place. His name was a big part of Tillman's life. Just had to mention "Wanna go to Dr. Birzon?" and get out of his way... You will be missed Dr. B. but never forgotten. Rest in Eternal Peace. Our deepest condolences to his daughters and family.

“ I can't express my sympathies sufficiently to Dr. Birzon's family, co-workers and friends. He was a great veterinarian (he saved my dog twice), but just an overall kind and wonderful person. My family sends condolences to everyone who loved him.
